exclusive technologies

EXPERIENCE INSPIRED SOLUTIONS

We invest in technology that completely redefines the exercise experience, helping you reach your fitness goals in smarter, easier and more enjoyable ways. Look for these unique and exclusive features to find out how our premium designs outperform other home fitness equipment.

PERFECT STRIDE MOTION

PerfectStride combines an ideal stride motion and ergonomically correct foot positioning with a variable stride length for a smooth, natural workout experience as you adjust incline to target the muscles you want to work most.

SUSPENSION ELLIPTICAL TECHNOLOGY

Suspension Elliptical Technology features a wheel- and track-free design to reduce noise and friction for long-lasting quality while providing a smooth, consistent feel through the ellipse.

EXACT FORCE INDUCTION BRAKE

Exact Force Induction Brake offers instant, smooth, precise resistance changes at the push of a button, ideal for HIIT workouts, and with no moving parts, it's quieter and more durable as well.

ULTIMATE DECK SYSTEM

Our exclusive Ultimate Deck System includes a heavy-duty frame, extra-thick deck and industrial-grade cushions for miles of durable performance.

JOHNSON DRIVE SYSTEM

The Johnson Drive System helps you stay in perfect rhythm with a quiet, durable, responsive continuous-duty drive system that recalibrates with each footfall.

DUAL FORM FRAME

Our Dual Form Frame significantly improves rider stability over single-post designs and offers a low step-through height for easy access.

COMFORT ARC SEAT

Our Comfort Arc Seat is ergonomically molded to provide unmatched comfort, support and balance during workouts.

A woman with blonde hair tied back is running on a treadmill. She is wearing a black tank top and is looking forward with a slight smile. The treadmill is dark grey with the letters 'MA' visible on the side. The background is a plain, light-colored wall.

DESIGNED FOR THE ULTIMATE RUN

Experience a natural, powerful workout
with the industry's most advanced frame
and deck combination.

ULTIMATE DECK SYSTEM

TF30 **TF50** **T70**

Our exclusive Ultimate Deck System includes a heavy-duty frame, extra-thick deck and industrial-grade cushions for miles of durable performance.

JOHNSON DRIVE SYSTEM

TF30 **TF50** **T70**

The Johnson Drive System helps you stay in perfect rhythm with a quiet, durable, responsive continuous-duty drive system that recalibrates with each footfall.

AC MOTOR

T70

Our industrial-grade continuous-duty AC drive system provides efficient, durable, responsive performance — minimal internal components require little maintenance, and an absence of internal friction keeps the motor cool and quiet.

NON-FOLDING TREADMILL

Our welded steel frame provides superior stability for users and workouts of all kinds, and our Ultimate Deck System offers miles of durable performance. Choose a T70 treadmill for a waxed belt, an industrial-grade AC motor and an extra-wide running surface every bit as spacious as what you would find in your favorite fitness center.

T70 TREADMILL

- Heavy-duty welded steel frame offers unmatched stability
- Ultimate Deck System provides years of durable performance
- Waxed belt eliminates routine silicone lubrication
- Industrial-grade AC motor delivers efficient, durable, responsive operation
- Extra-wide 56 x 152 cm / 22" x 60" running surface offers space for hard runs
- Includes full aluminum side rails and soft touch buttons

WAXED BELT

Our T70 belt is designed with a proprietary wax application process that automatically lubricates as you run, eliminating the need for routine silicone lubrication.

FOLDING TREADMILL

A dynamic folding design makes it a snap to lift the treadmill deck to a near 90-degree angle and roll the unit away when you need the space, then unlock the deck and lower it smoothly when it's time for a heart-pumping workout. Both include our Ultimate Deck System for miles of durable performance and our exclusive Johnson Drive System for unmatched consistency and smoothness.

EASY-FOLDING FRAME

Our easy-folding frame includes a quick-release latch that smoothly lowers the deck when you're ready to run.

STRENGTH

STARTS AT HOME

At Matrix, we believe strength starts at home.

That's why we offer club-quality strength equipment that's as dynamic as anything in your favorite fitness facility, all redesigned to fit your home beautifully. Whether you're striving to build strength, training for athletic performance or using the Matrix Home Fitness app, innovations like nesting dumbbells and optimized functional trainer pulley ratios will save space and help you make the most of your precious workout time.

Choose Matrix strength and get a complete exercise experience in the comfort of your own home today.

MATRIX HOME FITNESS APP

Start your strength program at home with the Matrix Home Fitness app. Use the exercise library and sample workouts with step-by-step videos to guide your movements, log your reps and sets and create your own workouts using your Matrix functional trainer, multi-adjustable bench, adjustable dumbbells or Connexus Home. Download the free app to begin your fitness journey.

functional trainer

Already trusted in health clubs around the world, now you can get the powerful, versatile performance of a Matrix functional trainer in your home. Our incredibly smooth functional trainer lets you take on explosive athletic movements and heavy, controlled movements for a true full-body workout. Club-quality components stand up to the most intense use, and the low-height, open-frame design means our functional trainer will fit your space like it was made for it — because it was.

THOUGHTFUL HOME DESIGN

An overall height of just 212 cm / 83.5" makes it easy to fit our functional trainer into spaces with lower ceilings. Cleanly routed cables and a walk-through frame offer freedom of movement and a more attractive aesthetic for the home.

ENDLESS EXERCISE VARIETY

Fully enclosed pulley handles let you secure bands for added exercise variety, while the knurled pull-up bar provides both wide and narrow grips for multiple bodyweight exercises.

STYLISH, SHIELDED & SECURE

A commercial-quality shroud completes a look that's sleek and robust while securely shielding moving components, reducing noise and preventing dust and debris from falling into the weight stack.

A GUIDED TRAINING EXPERIENCE

Color-coded exercise placards offer guidance to help you focus on the muscles that matter to your goals, and a magnetic device holder lets you bring along training apps, videos or music.

OPTIONS FOR YOUR GOALS

To take functional training to the next level, add an additional 45 kg / 100 lbs. to the weight stack with our FTRHS heavy stack add-on and our optional FTRHP handle package that includes a straight bar, EZ-curl bar, rope, sport handle and ankle cuff for additional training variety.

FTR30 FUNCTIONAL TRAINER

Centralized stack streamlines weight changes between sets and exercises

Supports building muscle and strength with a heavy 1:2 pulley ratio when both sides are used simultaneously

Accommodates explosive, athletic movements with a 1:4 pulley ratio when only one side is used to perform an exercise

25 height adjustments offer exercise variety and allows for range of motion changes in small increments.

adjustable dumbbells

AN INTELLIGENT TWIST ON DUMBBELLS

No matter how you train, our adjustable dumbbells make getting a complete workout smoother than you ever imagined. Simply twist the handle and feel the click to select your weight, and count on precision engineering to keep every rep balanced. An ingenious nesting design means our dumbbells can replace up to 16 traditional pairs to fit your space beautifully. Choose from a 20-kg set or a 32-kg set, depending on your needs. Both sets increase weight in 2-kg increments. Bring them home today to experience an intelligent twist on dumbbell training.

QUICK & EASY ADJUSTMENTS

Simply twist the handle and feel the click to select your weight and start your set. A clearly marked indicator makes it quick and easy to set a weight right for your goals.

PRECISION ENGINEERING

The length of the dumbbell adjusts based on the weight selected to keep every rep perfectly balanced, while a knurled metal handle that feels like a club-quality dumbbell provides excellent grip.

ROLL-FREE DESIGN

Flat-bottom weight plates prevent rolling when you set your dumbbell down between sets and provide stability for exercises like renegade rows and push-ups.

LASTING DURABILITY

Designed and engineered to withstand tough home workouts for years.

TRAINING EXPERIENCE

Optional storage rack with integrated device storage keeps training apps, videos or music in view.

DB20 20-KG ADJUSTABLE DUMBBELLS

Choose the DB20 Adjustable Dumbbells for the convenience of 2-20 kg adjustable dumbbells that are easy to use and offer superior durability. Two dumbbells and two cradles are included in the set.

DB32 32-KG ADJUSTABLE DUMBBELLS

For the toughest workouts, the DB32 Adjustable Dumbbells offer the same quick 2-kg weight adjustments, and range from 2-32 kg. Two dumbbells and two cradles are included in the set.

DBSR OPTIONAL STORAGE RACK

The optional storage rack elevates dumbbells for easy access and to reduce clutter. An integrated device holder makes it easy to keep workout programs and entertainment in view, while a lower storage shelf makes room for accessories like bands, mats and more.

multi-adjustable bench

Bring commercial-rated toughness and club-quality function to your home with our stylish multi-adjustable bench. It provides unmatched stability for a range of exercises focused on major muscle groups, plus easy adjustments, convenient transport, space-saving storage and ultra-durable design that will stand up to the hardest workouts for years.

CONVENIENT TRANSPORT & VERTICAL STORAGE

Built-in wheels and an ergonomic handle make it convenient to move the bench out of the way when you're done and stores vertically to save space in your home.

CLEAR ONE-HANDED ADJUSTMENTS

The back pad adjusts quickly and easily to five clearly labeled incline angles with just one hand to help you transition smoothly between exercises.

BAND ATTACHMENTS

Built-in hooks on the base of the bench make it quick and easy to attach exercise bands so you can take on explosive exercises, rehab injuries or strengthen sport-specific movements.

MABR1 MULTI-ADJUSTABLE BENCH

- | Low bench height of 44 cm / 17.5" minimizes lower back stress
- | Seat adjusts to flat and angled positions for stability during a variety of lifts
- | Reversible, tapered back pad provides wide or narrow support
- | Wide base frame and back pad brackets maximize stability
- | Tested to commercial market standards but designed for home use
